Polished chrome-plated, lead-free brass, lever handle self-closing valve features screwdriver adjustment stream control.

## OPTIONS

For more information, visit [www.hawsc.com](http://www.hawsc.com) or call (888) 640-4297.

## SPECIFICATIONS

Model 5851LF is a panel mounted valve with a polished chrome-plated vandal-resistant lever handle and rough brass body, mount to a maximum wall thickness capability of 1" (2.5 cm), and 3/8" IPS inlet and outlet.

## APPLICATIONS

Easily adapted to many situations involving the use of drinking water. Specifically, this type of bubbler valve is used as a replacement valve for some Haws products, or may be placed in such settings as: schools, campgrounds, laboratories, classrooms, parks, and other areas where the need for a bubbler valve is needed to dispense water. Haws manufactures drinking fountains and electric water coolers to be lead-free by all known definitions including NSF/ANSI Standard 61, Section 9, NSF/ANSI 372, California Proposition 65, and the Federal Safe Drinking Water Act.
