

model EU-1025G

Barrier-Free Wall Mount Fountain

FEATURES & BENEFITS

CONSTRUCTION

Barrier-free design made of heavy-duty 11 gauge galvanized steel with green powder-coat finish. Unit has a high-polished stainless steel basin that resists stains and corrosion, recessed push-button, welded bubbler guard, and vandal-resistant bottom plate.

DRAIN CLEAN-OUT

Top-down access to the drain allows the fountain portion to be cleaned without taking the unit apart, good for outdoor settings with drain-clogging sediment such as leaves, garbage, and other debris.

INTEGRATED TRAP

All cast brass 1-1/4" NPT adjustable traps completely concealed inside bottom plates for easy installation and lack of unwanted access.

QUALITY CONTROL

Pre-built fountain is pressure tested to ensure no leaks and proper functionality.

GALVANIZED FINISH

Tough galvanized coating is ideal for areas where rusting is an issue, and vandalism and graffiti could be present. Due to the galvanizing process, appearance will be a rough, unfinished galvanized surface.

PUSH BUTTON VALVE

The push-button activated valve has an all stainless steel body, with chrome plated brass push button assembly which allows for front access to water stream adjustment, water control cartridge, and water supply strainer replacement without having to go through the bottom plate. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

SPECIFICATIONS

Model 1025G wall mounted barrier-free drinking fountain shall include a stainless steel basin contained in an 11 gauge galvanized steel wall bracket, push-button operated stainless steel valve with front-accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant vandal-resistant shielded bubbler head, 100% lead-free waterways, polished chrome-plated brass vandal-resistant waste strainer with top-down access, vandal-resistant bottom plate, and chrome-plated 1-1/2" IPS trap.

APPLICATIONS

OPTIONS

- ❑ Mounting Plate: Model 6700 universal mounting plate for most wall mounted fountains. Priced Separately.
- ❑ Support Frame: Model 6800 universal in-wall mounting support for use with most fountains.
