

model EU-3202G

Barrier-Free Steel Pedestal Fountain

FEATURES & BENEFITS

CONSTRUCTION

Heavy-duty 12 gauge rough unfinished galvanized surface steel finish that incorporates a recessed push button and welded bubbler guard to provide extra durability, a large access panel for ease of service, and a vandal-resistant bottom plate for added peace of mind.

BARRIER-FREE

Barrier-free capabilities combined with its ease of use allows for a number of installation location possibilities.

DRAIN FREE

Unique design allows this pedestal fountain to be placed in the harshest of outdoor environments without the worry of a clogged drain. When water is activated, the excess flow runs from its trough basin off the back and onto the ground - perfect for beaches, play grounds, and other areas high in debris.

BUBBLER HEAD

Polished chrome-plated brass bubbler head with integral basin shank for added strength. Shielded, angled stream opening provides a steady, sanitary source of drinking water at .45 gpm.

PUSH BUTTON VALVE

The push-button activated valve offers the 'only' all stainless steel valve body that is machined out of solid bar stock, is fully serviceable through the front of the push button assembly offering access to the water control cartridge and integral water supply strainer, and with front access to the water stream height adjustment for easy maintenance without having to remove the valve. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

SPECIFICATIONS

Model 3202G barrier-free pedestal drinking fountain shall include a 12 gauge rough unfinished galvanized surface steel pedestal, push-button operated stainless steel valve with front-accessible cartridge and flow adjustment, 100% lead-free waterways, polished chrome-plated brass vandal-resistant bubbler head backed against a pedestal guard, trough design in the pedestal instead of a waste to eliminate clogging and a 1/4" (.6 cm) spacer to raise the pedestal off the ground which reduces the potential for corrosion, integral mounting feet, and an over-size vandal-resistant access plate.

OPTIONS

- ❑ Faucet Valve: Model 6250LF, self-closing, plain end, lead-free, brass bib faucet with polished chrome-plated finish. (When used with Haws concrete products, also order part 0004499489; for 3511, use 0004521763)
