

model EU-3300G

Barrier-Free Steel Pedestal Fountain

FEATURES & BENEFITS

CONSTRUCTION

Heavy-duty 11 gauge galvanized steel incorporates a recessed push button and welded bubbler guard to provide extra durability, and a vandal-resistant bottom plate for added peace of mind. Stainless steel basin with a high-polished finish compliments almost any setting, and it also resists stains and corrosion.

DRAIN CLEAN-OUT

Top-down access to the drain allows the fountain portion to be cleaned without taking the unit apart, good for outdoor settings with drain-clogging sediment such as leaves, garbage, and other debris.

BARRIER-FREE

Barrier-free capabilities combined with its ease of use allows for a number of installation location possibilities.

GALVANIZED FINISH

Tough galvanized coating is ideal for areas where rusting is an issue, and vandalism and graffiti could be present. Due to the galvanizing process, appearance will be a rough, unfinished galvanized surface.

PUSH BUTTON VALVE

The push-button activated valve offers the 'only' all stainless steel valve body that is machined out of solid bar stock, is fully serviceable through the front of the push button assembly offering access to the water control cartridge and integral water supply strainer, and with front access to the water stream height adjustment for easy maintenance without having to remove the valve. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

SPECIFICATIONS

Model 3300G "Hi-Lo" barrier-free pedestal drinking fountain shall include an 11 gauge rough unfinished galvanized surface steel pedestal, polished stainless steel basins, push-button operated valves with front-accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant shielded bubbler head, 100% lead-free waterways, polished chrome-plated vandal-resistant waste strainers with top-down clean-out access, vandal-resistant access plates, integral mounting feet, and 1-1/2" slip waste.

OPTIONS

- Faucet Valve: Model 6250LF, self-closing, plain end, lead-free, brass bib faucet with polished chrome-plated finish. (When used with Haws concrete products, also order part 0004499489; for 3511, use 0004521763)
- Sand Trap: Model 6611, sand trap for installing adjacent to pedestal drinking fountains to help prevent debris and contaminants from clogging waste line.
