

FEATURES & BENEFITS

UNIQUE AXION TECHNOLOGY

The patented AXION® Technology reliably delivers a compliant water jet for rinsing simultaneously body, eyes, and face. The unique AXION Technology eliminates the main issues of other safety shower systems to provide proper first aid.

ROBUST CONSTRUCTION

This safety shower is a rugged unit constructed with 1-1/4" hot-dipped galvanized steel pipe and fittings, and a powder-coated cast iron flange.

CORROSION-RESISTANT BOWL

The 28 cm round eyewash bowl, made of 1.4301 (AISI 304) stainless steel, is resistant to alkaline substances, salt solutions, most acids, and UV exposure.

LEAK-FREE QUALITY

The eyewash unit and valve assembly are pre-built and fully water- and pressure-tested to ensure leak-free performance and proper functionality. This reduces installation time and ensures reliable operation from day one.

ENHANCED EMPLOYEE SAFETY

The freestanding design enables easy installation near hazard zones, minimizing emergency response times and maximizing employee protection. Flexible top or bottom water supply options make it a versatile solution for any workspace.

COMPLIANCE WITH SAFETY STANDARDS

The safety shower meets EN 15154 and ANSI Z358.1 standards, making it suitable for workplaces around the world and ensuring compliance with safety regulations.

OPTIONS

- Dust Cover: Model 9102 is a stainless-steel cover assembly that protects both the eyewash head and the bowl from contaminants and potential damage. Item number: 10005242
- Foot Treadle: Model SP220 is a foot treadle assembly that enables hands-free activation of the eyewash. Item number: 10003587
- Instantaneous Water Heater: The Indoor/outdoor Electric Water Heater 9326CE is engineered to provide immediate tepid water. In accordance with EN and ANSI guidelines, tepid water, ideally between 20°C and 25°C, ensures that victims can use the emergency equipment for the recommended 15 minutes without the risk of hypothermia.
- Alarm System Model 9001.230V.DPDT: The alarm system includes a signal horn and flashing light to alert nearby personnel when the safety shower is activated. The unit can also transmit electrical signals to external control systems. Item number 10009288
- Privacy Curtain: Model 9037 enhances victim privacy during use and improves shower visibility. Item number 10005221
- Emergency Body Spray Kit: Model 8901RFK AXION with hose is designed to provide targeted rinsing of the eyes, face, and body, increasing the flexibility of the safety shower system. Ideal for treating low-level chemical splashes or situations where full-body drenching may not be practical. Item number: 10005164

SPECIFICATIONS

Technical Information Safety Shower 8300 AXION (item number: 10004736)

- Flow rate drench shower: 76 liters/minute
- Flow rate eyewash: 14 liters/minute
- Dimensions (H x W x D): 2363 x 351 x 902 mm
- Water inlet: Rp 1-1/4" (EN 10226-1)
- Water outlet: Rp 1-1/4" (EN 10226-1)

Product Highlights 8300 AXION

- Bestselling Safety Shower
- Increased safety due to AXION Technology and integral flow control
- 28 cm corrosion-resistant bowl made of 1.4301 (AISI 304) stainless steel
- 28 cm durable showerhead made of green ABS plastic
- Reliable chrome-plated brass stay-open ball valve with stainless steel ball and stem
- In-line mesh strainer prevents debris from entering the eyewash head
- Hot-dipped galvanized steel pipe and fittings
- Powder-coated cast-iron 23 cm diameter floor flange
- Freestanding design enables easy installation near hazard zones
- Flexible top or bottom water supply options

APPLICATIONS

The Haws® 8300 AXION is a robust, all-purpose combination safety shower designed for use in demanding industrial environments. Suited for indoor and outdoor (non-freezing) locations, the 8300 AXION is recommended for chemical processing facilities, refineries, heavy industry, metalworking plants, maintenance zones, and hazardous material storage areas. It is the right choice wherever reliable emergency decontamination must be guaranteed. Its highly visible design and industrial-grade components make the 8300 AXION a long-lasting solution.
